Docket No. 2020-125-E

Date: * 2/18/2021

2020-229-E

Protestant Information:

Name * Gregory Quigley

Mailing Address *

City, State Zip * Mount Pleasant SC Phone *

E-mail

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Dominion Energy and have a residential solar array installed on my home.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

By increasing rates and adding a "solar subscription fee", Dominion energy is destroying all of the progress SC has made in the renewable energy space and directly impacting customers who made the decision to install solar arrays based on previously passed laws and tax rebates. This would directly impact my ability to use the solar appliance I installed years ago and my finances. It's like purchasing a fridge then finding out 3 years later that you have to pay a monthly subscription to use that fridge. It's an aggressive move by Dominion to attempt to recoup costs from their takeover of SCE&G. Consumers have already been punished by the nuclear plant fiasco and rising energy costs. Approving these solar fees would be terrible for the environment, terrible for the solar industry job market SC, and terrible for consumer. The only beneficiary would be Dominion leaders and shareholders.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony?

No.
